## PRESS RELEASE

### Regular passenger transport timetable change as of 12 June

**Prague, 7 June 2016 – Správa železniční dopravní cesty (the Czech Railway Infrastructure Administration) prepared a regular change of passenger transport timetable as of Sunday 12 June on 77 lines of the basic railway network in total and on several more with nostalgic and excursion trains. This occurred based on requests from respective carriers and regions.**

Of the more important changes, the following ones occur in long-distance transport:

- Trains of the carrier ČD in the Ostrava Region were returned into the state before the fire at Bohumín Station.
- Adaptations of provided services occurred in trains of the carrier ČD in the connection Praha – Česká Třebová – Brno – Šumperk due to putting new electrical train-sets into operation on the route Praha – Brno.
- Trains 1105 and 1108 of the ČD carrier will now be running daily in the section Nový Bor – Rumburk.
- The 1012 train of the carrier RegioJet does not stop at Návsí Station now.
- The carrier LEO Express introduced a new pair of trains 1370/1371 Ostrava hlavní nádraží – Praha hlavní nádraží – Bohumín for the evening while shortening the train 1363 in the section Praha – Ostrava hlavní nádraží

A number of adaptations occurred in regional transport mostly designed to strengthen and improve transport servicing from which we extract the most important ones for each region:

- South Bohemia Region– Running times were shifted on the lines No 194, 197 and 200 for several trains, passenger transport was considerably strengthened on the lines 194, 195 and 196 within the event Olympic Park Lipno nad Vltavou for the period 4 - 22.
